

The graph is a linear function. Which of the following could be the equation of the line?

Answer: $y = 2x + 1$

Correct answer: $y = 2x + 1$

What is the slope of the line?

Answer: 2

Correct answer: 2

What is the y-intercept of the line?

Answer: 1

Correct answer: 1

What is the equation of the line?

Answer: $y = 2x + 1$

Correct answer: $y = 2x + 1$

What is the slope of the line?

Answer: 2

Correct answer: 2

What is the y-intercept of the line?

Answer: 1

Correct answer: 1

What is the equation of the line?

Answer: $y = 2x + 1$

Correct answer: $y = 2x + 1$
